Synthetic prose

The quick brown fox jumps over the lazy dog while the committee reviews the quarterly figures. Every sentence in this synthetic corpus is written by the repository, so the measurement carries no third-party text and regenerates byte for byte on any machine.

A second paragraph begins after a blank line so the grouping parameters see a paragraph gap that is larger than the leading between lines, which is what separates two blocks in a frame. Numbers such as 3.14159 and 2,718 sit beside punctuation; ok?
